- Quality not quantity - We offer a personalised service where teaching standards are not compromised by quantity and price.
- Qualified inlingua trainers deliver our own style of training, supplemented with language learning resources developed by our pedagogical department in Switzerland.
- Continuous worldwide learning - carry on learning online or at another centre in your area using the same course books worldwide.
- Location, Location, Location - We are situated in a prime location within the touristic area of Sliema, with cafes, restaurants, retail outlets and leisure pick-up points right on our door-step.

The inlingua Approach

- We teach English in English. inlingua material makes this possible even with beginners
- We believe that variety is the spice of teaching - our trainers have variety in their teaching
- We get the atmosphere right - students learn more efficiently when motivated, interested and happy
- We teach through examples rather than long explanations
- We test your existing language knowledge before teaching a new language
- We handle students’ errors with care - the careful progression of language in inlingua courses minimises the chance of mistakes
- We believe in autonomous learning and learner-centred classrooms.
- We give students opportunities to experiment; the chance to create their own sentences, both to test the rules they have learnt and to use language for its real purpose - communication!
- Learn English through speaking...speaking is the quickest way to fluency...our students get to do the speaking themselves in class

English Junior 20
- 20 lessons per week
- Maximum of 10 students
- Students 5-12 years

The junior course aims to build up basic knowledge of the language by focusing on simple verbs, grammar and vocabulary. The course is designed specifically for children. Learning is made more effective and much more fun through the use of visual props and exercises in the form of games and activities. Trainers communicate verbally and non-verbally with the students, and this enables those with a very low level of English to understand and participate in the lesson. The child is encouraged to practice through participation and the trainer creates a positive atmosphere where students are confident and relaxed. Child supervision by the trainer is offered at no extra charge during school hours.

Bildungsurlaub

In Germany, the institution of Bildungsurlaub allows employees of any sector to apply for up to an extra five days of educational leave that are to be used for professional advanced training. The fields of training are not specified as long as there is a “minimum benefit” for the current work place. Language courses have become a popular option for Bildungsurlaub as they allow employees to travel and advance their foreign language skills abroad. At inlingua we offer course options with a minimum of 30 lessons per week that are recognised for Bildungsurlaub schemes in various regions of Germany.

Immersion Programmes

Home Tuition

- General or Business English
- 20, 25 or 30 lessons per week
- Beginner to Advanced level

Home tuition programmes provide you with the opportunity to live in your trainer’s home and be fully immersed in the language throughout your stay. You may choose to follow a one-to-one home tuition programme. Alternatively, if travelling with a family member or friend, home tuition programmes can also be organised for two people.
